MONEY SMARTS

FINANCIAL CAPABILITY

ABOUT

Financial Capability is one of the most untaught topics and yet one of the most needed skills sets in life. Everyone has to manage money. Whether it is your lunch money or your salary. Understanding the foundational principals of financial capability will certainly equip people to interact with money purposefully and strategically to achieve their financial goals to live life financially secure.

We have a 8-10 hour program that are taught in class and we have a 30 hour program that is taught in a holiday program. Here the students learn how to manage hustle money and spend it according to their financial goals.
